

What's your favorite type of shoes?

My favourite type of shoes are mid-heels because it gives me a little extra height. I feel very formal when I wear mid-heels, so I have several pairs that I wear on formal occasions.

Do you know anyone who likes to buy a lot of shoes?

Yes, my mother buys a lot of shoes, some of which she has not even worn. She still buys a new pair almost every month. So, as you can imagine, she now has a large chest of drawers filled with shoes.

Have you ever bought shoes online?

Yes, I have bought shoes online which were very pretty. It's easy to get cheap shoes online that perfectly fit. I also look for discounted shoes that I can purchase on the internet.

How often do you buy shoes?

I don't buy shoes very often, maybe once every two months. I think shoes can be quite expensive so even if I do buy shoes, I always go to retail stores where they are cheaper.
