

Why are some people always late?

Maybe it's because they are always in bad luck. So, they tend to be caught in a traffic jam or terrible weather more often than others.

What will you do if you are waiting for someone?

I would kill my time browsing on my phone. For instance, I can watch some video, visit social websites, chatting with my friends.

Do you think it is important to be punctual?

It's definitely important. If I'm always late for an appointment or a date, the other person would have an impression that I don't respect him or I'm polite.

Do you think people these days are as punctual as they were in the past?

Personally, I think people are more punctual now due to the fact that we live in a more fast-paced society. People plan and make use of their time carefully and don't want to waste other people's time.

How do you remind yourself to be on time?

I usually set a reminder on my cellphone when there's an appointment or meeting. It reminds me in advance of the upcoming event. So, I can always be on time.
