

**What kinds of foreign food are popular in your country?**

Japanese food is quite popular here. Many people like to go to Japanese restaurants to have sushi or sashimi. But I think it's a bit expensive.

**Have you ever tried foreign food?**

Yeah, last month I had kimchi, a kind of Korean food. It is made from radish and cucumbers and it tasted kind of sour. Actually, it's not as good as I expected.

**Do you like to try new food?**

Yeah, for sure, especially food from different places in China. They all have their own features. For example, a fish dish tried in Shandong was sour and sweet, which was really good.

**Do you like any food from the countries near China?**

I'm a fan of sushi, which is a kind of Japanese food. It's exquisite and tasty, when I put a piece of sushi in my mouth, I feel like I'm on top of the world.

**What kinds of new food have you tried recently?**

A type of food I tried for breakfast recently is called Changfen. It's a kind of steamed rice roll, which is very tender and delicious.
