

What do you usually do when you are free?

I'm usually busy with work, so I will use my free time to do something I truly want or like, for example, I will read, paint or learn to cook. But sometimes I have to clean the house.

Do you like to spend time with your family?

Yes, I do, but I don't often stay with them now, because we are all quite busy. I really cherish our time together and will try to make the most of it.

What do you and your family like to do in spare time?

In our spare time, we like to go camping or go on vacation. If we stay in the city, we play tennis or go to the movies, you know, something fun and relaxing.

Do you think you will spend more time with your family?

Not really. I'm graduating from college soon, so I will be working in another city. I won't have many chances to visit my family, even though I hope so.
