

How do you keep your photos?

I keep most old photos in the photo album. And a couple of photos were framed and then put on my desk. But now, photos are taken with my phone and they are also stored in the phone album.

In what situation do you take photos?

I take pictures when I see something that I think is beautiful, meaningful or fun. For example, when I travel to a new place or when I attend some important events, I usually take lots of pictures.

How often do you take photos?

I take photos every day. My smart phone is equipped with a high definition camera, so I can take good pictures with it whenever I see something beautiful or interesting, and this happens on a daily basis.

Do you prefer to take photos yourself or to have other people take photos?

I prefer to have other people take the photos for me, because I would look more natural in these pictures and the photos can be taken from a better angle than selfies.

Do you like to take photos?

Yes, I'm a big fan of photography. I usually use my smartphone to take pictures of people and things. I even took some online lessons on how to take better pictures.
